

HEADWAY HYMN

Whenever I lose my way
I think of a place to stay
Headway taught me to be me
The values and love I will always see

The people I meet on my life's journey
Reminds me I should not be in a hurry

Headway, Headway, I think (yay!)
You make everyday fun and okay
Headway, Headway, with you I will stay
Because you make me say
I love you (hooray!)

Headway you give me pride
With every stride you are there by my side
What I learned from you makes me
The best that I can be
There is no mistake, you help me see
I can do anything I put my mind to

Headway, Headway, I think (yay!)
You make everyday fun and okay
Headway, Headway, with you I will stay
Because you make me say
I love you (hooray!)

HSG THEMES AND ACTIVITIES SY 2018 — 2019

Collaborative Learning
Environment in the Inclusionary

Emotional 'literacy' implies an expanded responsibility for schools in helping to socialize children.

This daunting task requires two major changes:

- That teachers go beyond their traditional mission, and
- That people in the community become more involved with schools as both active participants in children's learning and as individual mentors.

-Daniel Goleman,
psychologist and critically-acclaimed author of
the best-selling book, "Emotional Intelligence".

MAKING A DIFFERENCE

The school year draws to a close this month as we aim to integrate their over all year round experiences. We are honored to have been part of further enhancing the potentials and skills each child has.

We recognize the wonderful transformations and achievements of these unique individuals, entrusted to our tutelage and care by you, dear parents, for one whole school year.

A short journey is ending but another adventure will soon follow.

OUR MISSION

HEADWAY SCHOOL FOR GIFTEDNESS is a quality learning institution that develops young learners to become proactive agents of globalization and world peace.

OUR VISION

HEADWAY SCHOOL FOR GIFTEDNESS is committed to provide an environment that nurtures the innate endowment of young learners through its instruction and research implementation.

I AM, I CAN

June marks not only the beginning of the new school year but also the beginning of another quest for setting and reaching goals, individually or as a class. This is when we say hello to old friends and welcome the new ones.

BE IT, GET FIT

February celebrates the month the school was established and heretofore paved the way to the various program Offerings that have produced outstanding students and graduates we have today.

We commemorate the journey that has been and will be from hereon and years to come, bringing with it the legacy that Headway School for Giftedness stands for.

TOTAL WELLNESS

The month of July will be focused on fostering health in the community. It is also about finding a healthy balance between school and family to help build up happy children.

HSG advocates the importance of well-being together with our partners in the health profession. It is our goal to teach and help the children adopt the right attitude towards self-care for a healthy mind and healthy body.

NATIONAL IDENTITY

We aim to inculcate National Pride through remembrance of our roots and recognition of our identity as citizens of this nation.

This month celebrates the indomitable Filipino spirit and commemorates the true models of patriotism, after whom our youth of today can emulate.

LOOKING BACK, LOOKING FORWARD

Task commitment involves endurance, whether the task is mental or physical. While the mental and artistic dexterity of the students are put to test constantly in the academic setup, this month shall also give play to the students' physical and kinesthetic abilities.

Challenges require social or emotional astuteness. With that, family involvement in this month's school activities will be called to lend support to an otherwise fun and healthy pursuit.

REMEMBER DECEMBER

December traditionally serves as the month of giving. We have an Outreach Program for disadvantaged children which we hope will offer a different view of reality and teach agape to our students. Additionally, this month will also showcase the talents of the HSG students through our annual Holiday Show.

All the effort leading to this grand holiday event will be intensive but will surely produce a heartwarming show that will belong to the annals of HSG show history. A perfect ending to a memorable year as we welcome the new one.

TRANSCENDENCE

This month is dedicated to giving birth to great dreams by great dreamers. We encourage transcending perceived limitations as we explore the works and minds of the Great Masters and Teachers of the Sciences and Mathematics

Included in this month's program is the annual Science and Math fair capped with an exposure trip.

UNITY IN DIVERSITY

October explores the different culture groups and their traditions. This experience allows the children to expand their horizons and see the world with real vision.

Enrichment activities such as the United Nations Celebration Week will provide supplemental knowledge on diversity.

To end the first half of this schoolyear, we will cap it with our much-awaited and popular Trick or Treat Festival!

REFLECTIVE CREATION

November is the month we dedicate to self-reflection as we recognize our individual gifts. It is also a valuable skill to have in adapting to different situations both in the school and in the home.

Included in this month's program is the HSG Giftedness week where expressions of self-acknowledged talents find avenues to create and share.

We pay homage to Creativity itself through the creative expressions of music, art, creative writing and theater, honed year-round through our Opportunity Classes.
